

(BY H. B. HUNT)
WASHINGTON, Sept. 13.—As compared with one year ago, when more than 5,000,000 men faced the winter jobless, the present employment situation is declared most encouraging by the United States Employment Service.
True, decreased coal production and the handicap of im-
paired transportation due to the strike of railway shippers are reflected in a downward curve in employment, in some localities, according to the latest figures gathered.
But the government report predicts that if only sufficient coal can be delivered to keep factory wheels turning, and if the railroads are able to move this coal to the shops and to haul
away the shipments of finished products, the demand for workers in most industries will prevent any general recurrence of unemployment during the coming months.
To date the percentage of unemployment resulting from the coal and railway strikes, other than of men directly involved in the strikes, is small, but it is recognized that these factors
are the ones most seriously threatening the employment situation through the coming winter.
That American business generally was getting out of the dumps and was rapidly approaching a period of sound prosperity at the time the coal and rail difficulties developed, is indicated by the increased employment in many lines of industries which
have surmounted the situation. Although latest figures show a small total decrease in employment of 65 leading cities for which employment data is compiled, 39 show increases as against 26 reporting decreases during the month of August.
The chemical industry scores the largest percentage of increase in numbers of men employed, with leather and leather
products, stone, clay and glassware next in line.
Declining employment was reflected in returns covering iron and steel, textiles, lumber, automobiles, paper and printing, metal products and beverages.
Local situations in the states from all sections, summarized from detailed reports from both industrial and agricultural centers, are given below:
MAINE: General improvement. Small shortage of workers in textile industry. Shoe industry shows decided improvement. Practically all plants working full time.
NEW HAMPSHIRE: Many cotton mills reopen and large numbers of employees return to work. Surplus of workers in granite and railroad shops, due to labor controversies.
MASSACHUSETTS: Textile industry fast approaching normal. Shoe factories running nearly full capacity. Granite plants approaching normal. Decided improvement in machine industries.
CONNECTICUT: Conditions excellent. Typewriter factories operating on nearly normal basis. Hat factories running night shifts. Brass and copper lines register shortage of workers.
NEW YORK: Momentum of business fast approaching normal. Shoe

FIGHT IN COURT FOR A VOTE ON BEER AND WINE

COLUMBUS, O., Sept. 13.—(By the Associated Press)—The Ohio supreme court today heard arguments on the request of the Association Opposed to Prohibition for mandamus action to compel the secretary of state to print a proposed wine and beer constitutional amendment on the ballot at the November election.
Defending the action of Secretary of State Smith in refusing to give the proposed amendment a place on the ballot in November, Judge Pugh argued before the court that the proposed amendment was in conflict with the eighteenth amendment to the federal constitution and that if adopted, it would be invalid.
Attorney Day told the court under the Ohio constitution, the secretary of state is compelled to submit to the voters questions that are legally presented to him by petition in accordance with the initiative and referendum. No matter what is submitted, he contended the secretary of state must put it on the ballot for a vote if the matter has been submitted in legal form. He declared that the process of initiating a constitutional amendment is legislation by the people and that the courts or public officials have no power to interfere with such legislation.
Judge Pugh argued that the presentation of the voters of such an amendment would be just as illegal as would the presentation of an amendment providing that Ohio should have a king instead of a governor or an amendment providing that Ohio should not obey the laws of the national congress.
Mr. Day contended that, if adopted, the proposed amendment would nullify practically all of the existing prohibition laws of the state.
The Association Opposed to Prohibition was represented by the law firm of Day, Day and Wilkin, of Cleveland. Luther Day and W. D. Wilkin presented the association's arguments.
W. W. Marcollu, of Cleveland, president of the association, was a spectator. In asking permission of the

Wins Duel But Loses The Girl

HUNTINGTON, W. VA., September 13.—Last Halloween Chester Linkfield and Asa Carpenter, 15 year old local boys, fought a duel with pistols, the consequence of their courtship of the belle of a community party—twelve year old Ernestine Burnett.
Carpenter, who shot Linkfield and is serving a term in the state reformatory, learned today that although he won the duel, he lost the prize.
Parents of the Burnett girl and the Linkfield boy admitted this morning that the couple were married by a parson at Catlettsburg, Ky. A special permit was obtained.

Steel Business Is Picking Up

YOUNGSTOWN, O., Sept. 13.—(By the Associated Press)—The Republic Iron and Steel Company today announced that its blast furnaces will resume operation tomorrow, making 23 of the 47 stacks in its Youngstown district now on the active list. Blowing in of the furnace will allow resumption of the Republic Bessemer plant employing 1,237 men.
The A. M. Byers Company at Girard, has postponed resumption of its puddling mills but will open them Monday, when its blast furnace also will probably be started. More than 1,000 men are affected.

Embargo At Cincinnati

CINCINNATI, O., Sept. 13.—(By the Associated Press)—Embargo on all non-priority freight originating on other than New York Central Lines, except when billed to points on that system was announced last night by E. M. Coslin, general manager of the Cleveland, Chicago, Cincinnati and St. Louis Railroad. This was done, he said, in order to keep the Big Four and New York Central Lines for priority freight.
EIGHTEEN BODIES RECOVERED
HOMERIDGE, GA.—The bodies of the 18 men, all negroes, who were killed when a bridge collapsed over the Saltilla river, under a truck carrying 32 persons to a ball game, have been recovered. The other 14 escaped.

UNIONS AGREE ON THE TERMS; STATEMENT IS TO BE GIVEN TONIGHT

WASHINGTON, Sept. 13.—(By The Associated Press)—Virtual settlement of the railroad strike as affecting about 35 to 40 per cent of the railroads of the country was announced late today by Secretary of Labor Davis on the basis of reports from the meeting in Chicago of the General Policy Committee of the striking shop craft unions. The Secretary said he was informed that the settlement covered the B. and O. and numerous other railroads.
CHICAGO, Sept. 13.—(By The Associated Press)—Peace proposals for settlement or part settlement of the railway shopmen's strike were technically accepted today by the unions' general policy committee providing the railroads meet certain conditions, it was learned today from the head of one of the striking unions.
WASHINGTON, Sept. 13.—(By The Associated Press)—Secretary of Labor Davis shortly before 3 o'clock this afternoon gave out a formal statement in which he said that "with the settlement of the strike of 400,000 shop craftsmen the whole industrial machinery of the country is ready for a forward movement unprecedented in our economic history."
"American industry," said the labor secretary "has overcome the last obstacle in the way of the greatest economic revival the nation has ever known."
CHICAGO, Sept. 13.—(By The Associated Press)—A decision on the part of the question in secret session of the general policy committee, of the striking railway shop crafts was reached today, B. M. Jewell, head of the railway employees department of the American Federation of Labor announced when the committee adjourned a long session at 1:45 o'clock this afternoon for lunch. He promised a full statement by six o'clock this evening.
WASHINGTON, Sept. 13.—(By The Associated Press)—Confidence was expressed today by officials in close touch with the rail strike situation that action would be taken soon at the Chicago meeting of strike leaders which would go far toward ending the walkout of shopmen which became effective July 1.
Several high administration officials are watching closely the meeting in Chicago of the shop crafts general policy committee and by these officials the belief was expressed that action was a matter of hours.
CHICAGO, Sept. 13.—(By The Associated Press)—Efforts of attorneys for the striking shop craft leaders to forestall the reading of additional hundreds of the 20,000 affidavits of violence, produced by the government in support of its injunction bill, failed again today.
The government rejected all overtures for speeding up the case by eliminating or classifying the affidavits, and Judge James H. Wilkerson sustained the prosecution's right to the broadest latitude in its effort to show by a chain of nation-wide outbreaks what it claims is a conspiracy.

COAL OPERATORS MAY MAKE A VOLUNTARY AGREEMENT ON PRICES

(BULLETIN)
COLUMBUS, O., Sept. 13.—(By the Associated Press)—Coal operators of the Hocking field, are ready to co-operate with Governor Davis in bringing down the price of coal, their representatives told the chief executive in a conference here today. The operators' representatives have made a "direct offer" to help lower fuel prices. More conferences are to be held.
COLUMBUS, O., Sept. 13.—(By the Associated Press)—A group of Ohio coal operators are to meet Governor Davis in conference this afternoon. No announcement was made as to what the nature of the conference would be but it was presumed that discussion would be on the coal price fixing legislation passed by the legislature in special session early today.

Republican Senators Win In Fight For Renomination; Primary Results

CHICAGO, Sept. 13.—(By the A. P.)—The three Republican incumbent senators involved in Tuesday's nine state primaries overcame strong opposition by apparently safe margins, according to incomplete returns available early today.
Senator Townsend of Michigan led the nearest of his three opponents, Herbert F. Baker, by over 25,000 with the count apparently two thirds complete.
Senator Lodge of Massachusetts rolled up 83,000 majority over Joseph Walker.
Senator Poinsett of Washington led the nearest of his five opponents George Laumpling of Seattle, by 3,154, as early returns.
William E. Sweet of Denver had a big lead over Fred A. Gablin in Colorado while Benjamin Griffith of Denver led L. G. Gov. Earl Cooley for the Republican nomination.
Redfield Proctor was apparently certain of victory over Lt. Governor A. W. Peate in the Vermont Republican gubernatorial contest. Senatorial candidates were unopposed.
Former Governor Cole of Iowa of South Carolina was defeated for the (Continued On Page Eight)

WILL SEARCH FOR THE MISSING LINK

SAN FRANCISCO, Sept. 13.—(By the Associated Press)—Captain Edward A. Salishbury, scientist and explorer, today was en route, for the Malay Peninsula, where he will search for what has been termed in science "the missing link."
Accompanying Captain Salishbury were Duke Zeller, experienced explorer; Edward Burghard, of Columbia University, New York; Miss Dorothy Salishbury, the explorer's daughter, and two motion picture men.
Captain Salishbury said rumors had come to him from time to time about a tribe of wild men in the jungles of the Malay Archipelago, who had short, vestigial tails. More, the reports said, their foreheads receded and their brow ridges protruded after the manner of the Neanderthal man of Semi-Mythical pre-history.

Mrs. Harding Is Improving

WASHINGTON, Sept. 13.—(By the Associated Press)—General appearances indicate as rapid improvement in Mrs. Harding's condition as can reasonably be expected, according to a bulletin issued at the White House this morning.
The bulletin follows:
"Mrs. Harding's condition 8 a. m.: Temperature, 98.8; pulse, 88; respiration, 28.
"She had quite a comfortable night, sleeping longer with less interruptions. Elimination increasing. Tenderness and swelling slowly subsiding. General appearances indicate as rapid improvement as can reasonably be expected."
RECORD COAL LOADINGS
WASHINGTON, Sept. 13.—(By the Associated Press)—Except for seven different days in March, more cars were loaded with coal Monday than on any one day this year either before or after the coal miners strike began on April 1, according to reports just received by the Association of Railway Executives from the railroads of the country.
Loadings on Monday totaled 35,808 cars.

FORD SAYS PUBLIC IS BEING FLEECE

DETROIT, Sept. 13.—(By the Associated Press)—Charges that the interstate commerce commission, through its control of empty coal cars "is playing into the hands of coal profiteers under guise of regulations for the public good," were made here in a statement issued by Henry Ford from his office in Dearborn, a suburb.
"The same interests who own the public utilities, roads and mines are using the commission as part of their scheme to fleece the public and the scheme is so simple nobody sees it," Mr. Ford's statement issued today continued.
"The present so-called coal crisis shows up by the commission. If this commission ever was useful it now has outlived its usefulness like the gold standard and Wall Street."
Discussing alleged coal profiteers Mr. Ford declared "through newspaper headlines they spread propaganda about a coal shortage so that everybody starts scrambling for coal."
"Furthermore by squeezing labor and reducing their pay these same interests cause strikes and throw the railroads into convulsions, immediately cutting down the available car supply, with which to transport coal."
"Having convinced the public there is a shortage they ration coal to themselves through the commission under the guise of priority for public utilities. These utilities then take advantage of these conditions by paying high prices for coal and in turn can raise the rates to the public."
"It is just a little camouflage but as in every deep laid scheme by

Kipling Denies Any Interview

LONDON, Sept. 13.—(By the Associated Press)—Rudyard Kipling, replying to an inquiry regarding his utterances as quoted by Clare Sheridan in 'The New York World', sent The Associated Press today the following telegram:
Bateman's Burwash, Sussex, Sept. 13.
"I did not give Mrs. Sheridan an interview. I did not say the things which I see she ascribes to me, and have not discontinued the habit of saying what I wish to say over my own signature."
(Signed)
"RUDYARD KIPLING."
A brief message from Mr. Kipling denying he had given the interview or said the things he had been ascribed to him was printed in The Times of London this morning. In the interview printed in The World Mr. Kipling was quoted as strongly criticizing America's lateness in entering the war and her course at the close of and since the European struggle.

Pomerene Opens Campaign; Makes Tariff A Big Issue

CLEVELAND, O., Sept. 13.—The Fordney-McCumber tariff bill will be the center around which Senator Pomerene will wage his senatorial campaign in Ohio this fall, he announced Tuesday during a visit to inspect the city's political situation. Mr. Pomerene said that the Fordney-McCumber bill "will drag the Ohio Republican ticket to defeat this fall as surely as it will increase the cost of living."
Senator Pomerene will speak tomorrow before the Rotary Club at Alliance. "I can see no other issue," the Senator declared. "The Republicans have gone beyond the bounds of history in fixing rates for commodities which will send the cost of living sky high. They have adopted every back-scratching, pork-barrel trick in trading votes on these rates that has ever been known in Congress and the issue in the President's home state can be nothing else than the deliberate move of the Republicans to raise the cost of living."
Mr. Pomerene said that from now on he would vigorously pursue his campaign.

BONUS REPORT PRESENTED

WASHINGTON, Sept. 13.—(By the Associated Press)—The conference report on the soldier bonus bill was presented in the house today by Chairman Fordney, of the house managers. It is the plan of the leaders to call it up tomorrow with the hope of final action during the day. After it is disposed of by the house the report will be sent to the senate.

VOTING STARTS IN PAGEANT CONTEST

The Pageant Popularity contest is rapidly assuming definite form, as will be seen below, and interest in it will continue to grow until the closing day.

That a spirited rivalry will prevail there is no doubt and more coupons will be voted as the days go on.

In the contest, for the girl who will make the best wife, only one name has been entered, and the same name is true with reference to the most popular young lady and the prettiest young lady. In the prettiest baby contest there are several names entered, but Darline Smith has a good lead. When it comes to the ugliest man, genial Tom Murphy, former policeman, is a marathon on speed, outdistancing all contestants, and it will take some hustling to beat him.

Auto Wrecked; Arrests Follow

Mistaking the street car track for the continuation of the main road Herman Arthurs of Huntington, driver of a touring car, also occupied by Marvin Arthurs and W. M. Cartmell, also of Huntington, drove the machine onto the Sciotoville car line just west of the underground crossing at Sciotoville about 3:30 this morning. The driver quickly realized his mistake and turned the machine sharply to the left causing it to fall to the road, a distance of about 15 feet. The three men had narrow escapes from serious injury as the machine was badly wrecked. They escaped with minor bruises.

The accident also halted the men for officers of New Boston, who gave chase to the machine after two men left the machine and removed an extra tire from a machine in New Boston. The three men were arrested and taken to New Boston where the Marvin brothers pleaded guilty to petty larceny, Cartmell explaining that he endeavored to get the men to let the tire alone. The tire was stolen from a machine owned by Leslie Davis when the men experienced tire trouble in the village. Mayor Newberry fined the Arthurs brothers \$5 and costs, and dismissed Cartmell who is the owner of what

was once an automobile and is now a pile of junk.

The trio were on their way home from northern Ohio where they had been cutting corn.

They explained to the village officers that when they reached the end of the paving west of the car line at Sciotoville they thought the road forked three ways and chose the middle one which happened to be the street car roadbed.

SOCIETY

Mrs. Sanford Linck and son Louis Randolph, have gone to Boston, Mass., where the latter will enter the Phillips Exeter Academy.

An interesting session of the Young Peoples' Missionary Society of Bigelow Church, was held last night at the home of Miss Harriet Scarff, 1822 Summit street. This was the first meeting of the fall, and plans were made for the work to be conducted by the society during the year.

Large bowls of bright colored nasturtiums and cosmos were used to decorate the rooms, where the guests were received. The devotionals were taken from the 17th chapter of St. John, and read by Miss Florence Peterson.

The resignation of Mrs. Leslie Adams, Sr., as president, was accepted, and Miss Florence Peterson was elected as the new president. After a short business session, Mrs. Terry Davidson read a report on Miss Emma Eskin's Missionary work in and around Latham, Pike county. At the conclusion of which the society voted to send \$5.00 to Miss Jenkins for her work. Miss Merle Little read an interesting letter from the Jessie Lee Home. Miss Harriet Scarff closed the program with a delightful solo, entitled "My Task."

At the close of the meeting refreshments were served by members of Group 10, of which Miss Ida Taylor is the chairman. Other members of this group include Miss Ida Mercer, Miss Ruth Fitch, Miss Florence Peterson, Mrs. J. R. Roberts and Mrs. Pearl E. Selby.

Mrs. Harry Miller entertained with a birthday surprise party last evening at her home on Robinson avenue in honor of her husband's birthday anniversary. The evening was spent in playing cards, after which a delicious lunch was served to Messrs. Harry Dorr, Russell Haley, Ralph Mautel, Herman Miller, Clyde Kessinger, Bert Zeigler, L. W. Craig and Louis Herder.

Mrs. Miller was assisted in serving by Mrs. Louis Herder.

Miss Edna Boyer, nurse in Dr. Harry A. Schirman's office, and Miss Jean Clark of the Bureau of Community Service, have returned from a delightful two weeks' motor trip to Atlantic City. Enroute they made short stops at Baltimore, Philadelphia and Washington, D. C. While in the latter city they were guests of Mr. and Mrs. Norman Baker and daughter, Nancy Lee Baker. They traveled over 2,000 miles and did not experience the slightest motor trouble.

Mr. and Mrs. G. D. Jenkins of Robinson Avenue have returned from a two weeks' motor trip through the East. Their first stop was Pittsburgh, where they spent several days with relatives. Other stops were made at Lancaster and Gettysburg, Pa., Baltimore and Hagerstown, Maryland.

Dynamite Used In The West

SAN BERNARDINO, CAL., Sept. 12.—The crew of a Santa Fe railway freight train early today reported to company officials they had seen the flash of a terrific explosion which shook this city and surrounding territory in a radius of 8 miles late last night. The blast occurred beneath an empty stock car standing on a siding 150 yards from a passing freight train between San Bernardino and Colton and dinged the train with rocks, they said, but caused no damage to the train.

Deputy United States marshals estimated that 50 sticks of dynamite had been exploded with a cap and fuse.

Bar Association Honors The Memory Of Departed Members

The Scioto County Bar Association honored the memory of two departed members, Judge James P. Purdum and Frances T. Moreland at a memorial Wednesday morning. The services which were held at the Court House were largely attended. Splendid and high tribute was paid to the two dead members in resolutions adopted and a number of those present including Judge James S. Thomas, Judge A. Z. Blair, Judge A. T. Holcomb, Theodore K. Funk, Thomas C. Anderson, Harry W. Miller, B. F. Kimble and F. W. Moulton added personal expressions in eulogizing their dead colleagues, extolling their virtues and giving hearty endorsement to the sentiment voiced by the resolutions.

B. F. Kimble as vice president presided and A. H. Bannon was appointed as secretary pro tem on account of the absence of J. F. Jolley.

The resolutions drafted by the committees appointed and adopted after being read were ordered spread on the journal of the court and copies sent to the families.

Still Found On Game Preserve

Determining to see what caused such a well beaten trail on the state game refuge at the head of Turkey Creek, Deputy Game Protector Frank Voorhees and Game Refuge Patrolman Carlos Graham and Alvin Chapman followed the trail up a long hollow about noon today and were rewarded when they ran into two men and a large still. The still was confiscated and the men arrested and brought to Portsmouth, where they were lodged in the city jail to await trial before Municipal Judge Stanley McCall on charges of manufacturing intoxicating liquor unlawfully. The men gave the names of Robert Jamison of Sciotoville and Floyd Jamison of the West End. Both are married.

According to the arresting officers the still was made of copper, was of 100 gallons capacity and was walled in with stone. They claim it was in full operation. In addition the officers claim they took possession of twenty barrels of mash and 50 gallons of finished product. The officers secured a trunk and went back to the hollow to bring in the still and moonshine as evidence.

This is the first arrest of this kind on the game refuge and in addition to facing a moonshine charge the men may have to face a charge of trespassing.

Masons Engage Architect

Announcement of the selection of architects who are to draw plans for the new Masonic Temple to be built on Gallia street and that it is hoped to have work started on the new Temple by January 1, 1923, was made last night by George E. Carlyle, chairman of the building committee of the Masonic bodies. The firm of Pretzinger and Musselman of Dayton has been engaged to prepare the plans for the Temple. This firm prepared plans for the Portsmouth high school and the additions to the high school and Lincoln buildings. The new Temple is to be one of the finest in this section of the country and in addition to the many requirements of the organizations using the Temple will contain an auditorium that will seat 2,000 persons.

Ohio Legion Names Officers; Springfield Gets 1923 Meet

DAYTON, O., Sept. 12.—Gilbert Bettman, former vice-mayor of Cincinnati, was elected commander of the American Legion, department of Ohio, and Springfield was selected as the 1923 convention city at the closing session of the fourth annual state convention here Tuesday.

Bettman was elected on the second ballot with 205 votes against 180 for Dan I. Ford, Toledo, after Arthur Burket, Columbus, withdrew following the first vote. Motion to make Bettman's election unanimous was approved and amid cheers the new state commander mounted the stage in Memorial Hall and made a short address in which he asked for co-operation of every member and every post in Ohio to further aims of the Legion.

The convention endorsed a resolution asking immediate passage of the Fitzgerald congressional bill which would remove administration of national military homes from political control.

Kaiser "Arch Traitor"
Another resolution condemned newspapers which have contracted to print memoirs of the German Kaiser and referred to publication of his writings as "commemorialization of the fruits of the greatest arch-traitor in modern history."

Complete hospitalization of disabled veterans of the world war is asked by the service committee in a resolution adopted by the convention. The resolution also requests that

Brig. Gen. Sawyer be informed that his objection to further hospitalization is met with general displeasure of all Ohio Legionnaires.

State Of Officials

Other officers elected by the convention include: Eddie Gettost, Columbus, vice-commander representing the army; Wallace Tomoy, Toledo, second vice-commander, representing the navy; E. P. Driscoll, Cleveland, third vice-commander representing the marine corps.

John S. Taylor, Cambridge, was re-elected state finance officer over L. E. Lubert, Dayton, the only other contestant. Members of the state executive committee include: Hayden Edwards, Columbus, central district; Rev. C. P. Sauer, Logan, southeast; Chaplain Harry F. Maclean, Toledo, northwest; Carl E. Moore, Cleveland, northeast; and Wallace Thomas, Springfield, southwest.

Two Men Shot Down, Canton

CANTON, Sept. 12.—(By the Associated Press)—An unidentified man was shot to death here early today and a second man probably fatally wounded. The murderer escaped.

Louis Bloconco, 24, of 1108 High Avenue S. W., was walking near his home in company with Laura B. Tunoni, 18, when a man stepped out from the shadow of a factory building and fired four shots at close range, all taking effect in Bloconco's abdomen, according to the girl's story.

Police stumbled over the body of the unidentified man in an alley a little distance from where Bloconco was shot. A revolver with two empty shells were found nearby.

Persons living near the scene, say six shots were fired. They are inclined to believe that an unidentified man and Bloconco were shot down at the same time, but by two different men.

restrained by labor controversies, fuel and transportation difficulties. Shortage of all types of labor and experienced tradesmen obtains in nearly all districts of state. Supply unequal to demand for experienced farm hands and workers needed in fruit harvesting and canneries.

PENNSYLVANIA: Labor controversies have checked operations in many industries, chiefly in iron and steel trades. Record-breaking building construction. Labor shortage in building trades, common labor and

agricultural workers. With fuel and transportation problems settled, outlook would be bright.

ILLINOIS: Demand for factory help and unskilled labor exceeds supply. Leather, clothing and packing industries showing steady improvement. Large orders for farm implements indicate better buying power throughout agricultural belt.

INDIANA: Rapid decline in unemployment despite temporary handicaps. Extensive road repairs employ large numbers and shortage of farm hands.

MICHIGAN: Little involuntary unemployment. Many auto plants

paying premiums for coal and steel to keep plants running. Increased production in paper mills. Men needed for lumbering in northern part of state.

WISCONSIN: Lumber industry recovering rapidly. Big demand for men in lumber camps. Scarcity of common labor and farm hands. Gas and electric plants face shutdown unless coal supplies reach them soon. Leather and packing industries on upgrade.

OHIO: Few idle men, either skilled or common labor, except striking railroad shovellers. Rubber industry holds to heavy production sched-

Bellevue, Glass companies busy. Despite fuel and traffic problems, underlying conditions in iron and steel industry continues firm and there is a general shortage of industrial labor.

IOWA: General slowing up of business and decreased employment, due to difficulties in shipping and fuel shortage. Coal shortage has caused many industries to shut down.

KANSAS: Many industries working part time, including soap factories, foundries, box factories, tire factories, railroad shops and coal mines. Good demand for experienced farm help.

NEBRASKA: Some curtailment of operations due to fuel and rail trouble. Road work keeps common labor employed. Demand for experienced farm help.

WEST VIRGINIA: Industrial conditions suffer reverses due to lack of fuel and transportation; iron and steel being the worst sufferers. Resumption of coal production in 350 mines is most encouraging factor.

GEORGIA: Textile and vehicle industries showing recovery; slight increase in employment in stone, clay and glass products.

FLORIDA: Plenty of work for all classes. Anticipating large influx of winter tourists, earlier than usual, on account of coal shortage in northern states, much labor employed in new building and in repairing and painting.

KENTUCKY: Decided improvements in leather, food and kindred industries. Slight decline in chemicals, tobacco and miscellaneous lines. Labor supply about equal to demand.

ALABAMA: Iron and steel industries hold their own despite hindrance of industrial situation, and employment conditions are encouraging. Blast furnaces, pipe and cement plants, steel mills on full turn. Foundries resuming operations. Ore mines working double shifts.

LOUISIANA: Gradual slowing up of activities under adverse effect of rail controversy. Lumbering, building, oil and kindred operations sluggish.

OKLAHOMA: Oil production curtailed. Smelting slightly more active. Lumber and its manufacturing continues active. Demand for labor limited.

MONTANA: Continued demand for labor in smelters, copper mines and harvest fields. Some mines closed down because of insufficient supply of experienced miners. Harvesting record wheat, potato and hay crops makes big demand for agricultural labor.

COLORADO: Employment active and steady with exception of railroad shovellers and miners. All other industries in state working to capacity.

NEW MEXICO: Employment conditions steady. Mining activities normal. Road work and cattle industry offer openings.

ARIZONA: Conditions improving. Four thousand cotton pickers needed in Salt River Valley. Metal miners reopened and building operations active.

UTAH: Metal mines, principally copper, recently added to forces. Employment at smelters increasing. Canning factories operating to capacity. Ample supplies of both skilled and unskilled labor.

CALIFORNIA: Demand for agricultural workers and fruit pickers has absorbed all surplus labor. Canneries operating to capacity. Demand for experienced lumbermen and power construction workers.

OREGON: Fishing, berry-picking, canning, lumbering, logging, construction and manufacturing are at high tide, demanding all surplus labor.

WASHINGTON: Limited shortage of labor in coast logging camps, harvest fields, agricultural pursuits and building trades. There is a surplus of clerical help. All industries practically at normal.

Condition Serious

Raymond Duzan, five year old son of John Duzan, 1206 Front street, underwent an operation for acute appendicitis at Hempstead hospital at 9:30 o'clock last evening.

The lad was stricken at his home two days ago, and last night it became necessary to take him to the hospital, where the operation was performed by Drs. A. L. Test and T. C. Crawford. It was stated at Hempstead last night that the boy's condition was very serious.

May Recover

It was stated at Hempstead hospital last night that Milton Moore, youthful Kentuckian, who was accidentally shot by a companion at Quincy last week, is getting along nicely. Dr. W. A. Quinn, the attending physician, states that an operation will probably be performed the latter part of this week to remove the bullet which is lodged in his spine.

Royal Lancer Wins

DONCASTER, England, Sept. 12.—(By the A. P.)—Lord Londale's Royal Lancer, by Spearpoint out of Royal Favour, won the St. Leger stakes here today. Lord Derby's Shirlan was second and Sir A. Bailey's Ceylonese was third. The stakes totaled 4,000 pounds sterling. The race was over a course of one mile, six furlongs, 132 yards. Twenty-four horses ran.

Coal Operators

(Continued From Page 1)

passed by the legislature in special session early today, came shortly before noon when Governor Davis signed the measure providing for appointment of a fuel administrator and for setting up price fixing machinery and that appropriating \$1,047,000 for the use of the administrator in operating mines taken over under the bill and for payment of salaries.

Officers of both houses of the legislature signed the measures this morning and officially adjourned the special session.

COLUMBUS, O., Sept. 12.—(By the Associated Press)—Governor Davis stood today clothed with official authority to prescribe maximum prices for coal both that at the mines and that coming into the hands of retailers and to seize and operate the mines in case the production consigned for Ohio consumption is inadequate to meet demands for domestic use or for the operation of necessary industries.

In carrying out this authority conferred upon him by the legislature last night, the governor is empowered to appoint a fuel administrator to carry out his orders.

George T. Moore, of Cincinnati, present fuel administrator and member of the state public utilities commission has been most frequently mentioned as the governor's probable selection for the position of fuel administrator.

Should coal operators refuse to recede from their position that a price of \$5.50 at the mines is the lowest at which they can sell their product, the chief executive is expected within a day or two to exercise the authority granted him by the measure and to set up the fuel administration machinery.

It is not expected that the governor will attempt to use his authority to seize and operate the mines until the fuel administrator has made a complete survey of the situation and ascertained whether sufficient coal for Ohio use can be obtained at prices to be fixed by him. Should it be found that sufficient coal can not be obtained, that most of the product is already contracted for, or is moving in interstate shipments, then it is anticipated the governor will take the last drastic step and take over a sufficient number of mines to insure adequate supply.

Inasmuch as the governor in his effort to reach a voluntary agreement with operators on maximum prices, suggested prices ranging from \$3.75 to \$4.80 per ton at the mine, it is anticipated that the prices to be fixed by the fuel administrator will be approximately these figures, varying in different localities, according to the quality of coal and the production cost. No figures have been suggested for the retail price.

Penalties that may be imposed upon operators who might charge more than the maximum prices range from fines of \$500 to \$50,000, or imprisonment from one to three years, each offense being made a separate case.

Coal operators, dealers and even mine union officials freely predict failure of the governor's plan on the ground that the high price of coal is due solely to car shortage which the law cannot remedy. They asserted that if a full car supply was available the matter of price soon would regulate themselves.

In the event the governor deems it necessary to take over the mines, \$1,047,000 was placed at his disposal by the legislature to compensate the mine owners for their property, etc. This fund, if used, would be replenished continually through the sale of the coal by the state. The administrator was allowed \$47,000 for salaries and general operating expense of his office. His own salary was placed at \$5,000.

Although opponents of the bill were few in number in both houses, it received only a few more votes than the necessary two-thirds, both in its actual passage under suspension of the rules and on the emergency clause. All attempts to amend the measure as reported by the judiciary committee provide are futile.

The emergency clause went over in the senate with a bare two-thirds vote. Senator James McInnis, of Cuyahoga county, the lone Democratic member, casting the deciding ballot. He withheld his vote until all others were in and then cast it in the affirmative with the announcement that "the Democratic party hereby passes the emergency clause." In the house the proposition of making the measure an emergency had only two votes to spare. The bill itself passed the senate by five more than the necessary two-thirds vote and the house by a margin of three.

Early lines were eliminated in the house as well as the senate, Democrats led by Representative Atkinson, of Franklin county, voting for the measure. They took opportunity, however, as did Senator Reynolds, to criticize some features of the bill.

The twelve negative votes cast in the House were by ten Republicans and two Democrats. The members voting no were: Bond of Belmont; Burns of Washington; Gorrell of Carroll; Hatch of Athens; Heins of Tuscarawas; Matthews of Montgomery; Matthews of Scioto; Randolph of Perry; Robinson of Lawrence; and Veigel of Henry. Republicans, Hammond of Putnam, and Schellhorn of Butler, Democrats.

certed conspiracy to destroy interstate traffic by intimidation of railway employees. The court took occasion, however, to warn the attorneys for the government that the temporary restraining order now in force will expire September 22, and cannot be extended, even if the present hearing on an injunction to replace it is not completed.

Blackburn Esterline, assistant solicitor general, assured the court the government could complete its testimony before the time limit expired, and said he hoped to finish the reading of the affidavits by Friday night.

Donald R. Richberg, attorney for R. M. Jewell and John Scott, president and secretary-treasurer of the shop crafts organization, made several attempts this morning to check the continued story of assault and intimidation of men who replaced the strikers.

"If it is the purpose of the affidavits being presented by the attorney general merely to convince the court that there have been many acts of lawlessness and violence accompanying the present strike, the presentation of further affidavits is entirely unnecessary," he told the court. "Disregarding the contention of the defendants that acts of violence have been seriously exaggerated, that a large percentage have been provoked or actually brought about by agents or employees of railway companies, it can be conceded that a sufficient number of acts of lawlessness in various parts of the country can be proven to make it desirable to utilize any lawful power of government in a lawful way to prevent such acts."

"This has been the position of the railway employees organizations from the beginning. They have not opposed any of the injunctions issued, and scores of these injunctions have been issued and they have taken the position that they welcome every effort on the part of government authorities and would co-operate with such efforts to prevent, restrain and punish lawlessness and violence."

The discussion revealed that all of the evidence being presented by the government has been gathered since the temporary restraining order was issued on Sept. 1.

given the public all the coal it needed. Why should it let the labor board set the wages for the railroad crafts so far below a living wage standard? Why would the interstate commerce commission permit the L. and N. railroad to carry a \$70,000,000 surplus and keep an insufficient one-track coal serving the most productive coal fields and producing the highest grades of by-products coal in the country?

"With a wonderful opportunity for public service, the Interstate Commerce Commission widely misses the mark."

DETROIT, Sept. 12.—(By the Associated Press)—A denial of recent Associated Press dispatches from Cincinnati to the effect that the Ford Motor Company was negotiating with the American Export and Inland Coal Company for coal with which to keep the Ford plants here in operation was made today by high officials of the Ford Company.

It was announced that "so far as now is known, the Ford plants will be closed September 16, as announced some time ago by Henry Ford."

The Ford official denied that any accredited representatives of the Ford Company had signed a contract with Ernest P. Hensley, president of the coal company, as stated in the Cincinnati dispatches. "The Cincinnati dispatch was ridiculous," a high official of the Ford Company said. "It stated the Ford Company was to obtain between 250 to 300 carloads of coal a day. The company does not use nearly that amount."

Plans for the Ford shut down are going forward it was said.

When he announced the contemplated closing, Mr. Ford expressed the belief that no coal shortage existed and that certain brokers were attempting to "gouge" the public by profiteering in fuel. He said he would refuse to pay what he termed excessive coal prices.

"I knew him when he was a boy"

What one is there of us that has not felt the glow of satisfaction over the outstanding success of a life-long friend! Often a surprise—seemingly "all of a sudden." Yet neither surprising nor sudden, when you stop to think back over each step of his progress.

THE United States Rubber Company—makers of U. S. Royal Cords—were first to conceive, make and announce the balanced tire. A tire in which there is such complete unity of action in tread and carcass that neither will give way before the other.

First to conceive, make and announce a complete line of tires—a tire for every need of price and use under one standard of quality.

First to tell the public about the good and bad in tire-retailing. (You remember the phrase "Go to a legitimate dealer and get a legitimate tire.")

First also to arouse industrial and trade minds to the need of a new kind of tire competition. (Competition for better and better values. Greater and greater public confidence.)

THESE high spots along the U. S. road to leadership indicate the intent—the will to win by the quality route in a price market.

Now that so many car-owners have given their verdict for quality tires in general, and U. S. Tires in particular—a number of dealers and car-owners whose vision has been clouded by "discounts," "sales" and what not, are beginning to remember that they "knew him when he was a boy."

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—I have got a real nice fur coat and the nuts on a large hole in it. Where could I send it to have it mended so as it couldn't be noticed? I will have to be patched in two places. So if you know where I could send it, please tell me.

M. R. P.

If you will take the coat to the store where you purchased it, they will tell you where to send it for repairs. If the coat is very long, maybe a good dressmaker or tailor could cut enough off the bottom of it to mend the holes.

Dear Miss Wise—Will you please give me a little information? A place near Portsmouth's new territory is overrun with gamblers every Sunday. Wives have entreated husbands. Mothers plead with sons to give it up for their sake, but all pleading is in vain. Every Sunday for years this has gone on. They have defied all laws of God and man. Is there a law and order league? If so, to whom should I appeal? They have even been guilty of gambling before little boys. Why should law-abiding citizens stand for such a desecration of the Sabbath day? To whom can I look for help in such cases? Are we fast becoming a depraved people, who believe in all forms of meanness going on un-molested?

TIMES READER.

Since it is useless to talk to your husbands, sons and brothers, why don't you get busy and "clean up" on the gamblers? You can report them to the sheriff, constable or any officer of the law.

for all kinds of information, so this is my first letter. We are Scotch country farmers; moved from there two years ago last spring. We live in Marion. We don't like it here and want a small farm near Portsmouth, on account of better markets. I see lots of farms advertised in the Times, but no address nor not much of a description. Can you print in the Times the name and address of some real estate men in Portsmouth? We are VERY ANXIOUS.

If you will look over the advertisements in the Times you will find the names and addresses of the real estate men here.

COOPERVILLE, O.—Dear Dolly:—Do you know of any one in Portsmouth who has a reasonably good sewing machine they will sell cheap to a mother of six small children, under 12 years old, who lost her home and contents (including all her canned fruit and jellies) by fire. The father works by day labor to support the family and was away at work when the accident happened. The mother, in her wild excitement to save her children, laid out few quilts she got out to near the blaze, scorching them almost to uselessness. They are honest, hard-working people, had just bought their home a few months ago with what money they had managed to save, only to have it destroyed by fire. If there is some good Samaritan in Portsmouth who will sell, or better still, give this mother a machine, I'm sure it will be appreciated beyond words.

I will give my address to you so if some one reports, you can let them know my name and address, and some one will call for and deliver the machine to this worthy family.
MRS. M. E. H.

Dear Dolly—Please tell me a way to clean ivory and mahogany furniture successfully.

WANT TO KNOW.
Wipe it with a soft cloth grung out of Ivory soap suds, and polish with a soft dry cloth. Mahogany furniture may be cleaned with furniture polish. Why not ask how to take care of it at a furniture store?

Dear Miss Wise—Can you tell me of something that will remove perspiration stains from a silk waist, apricot color? Please give explicit directions.
THANK YOU.

Perspiration stains may be easily removed by a solution of oxalic acid and water. Use a proportion of one drop of oxalic acid to 20 drops of water. Sponge the stains carefully with this and hang the dress to dry in the air. Ammonia will restore color spots.

Dear Miss Wise—I would like to know the address of Tom Mix and where he came from. **MOVIE FAN.**

WHEN THEY HEARD THE RANCHER'S HOUSE, ONE OF HIS MEN CAME OUT AND SAID THE OLD FELLOW WOULD SEE THEM AS SOON AS THE DOCTOR LEFT. "LOPEZ ALMOST CHOKED ME," EXPLAINED THE SHERIFF. "HE CONTINUED IN THE GREAT CHAPTER."

MARRIAGE A LA MODE

AMONG the wedding presents which certain savages present their brides are a collar, formed of a leather thong, a kettle and a pile of wood. The symbolism implied by the collar is that she is to do all the drudgery. The kettle signifies that she is to dress all the food, and the pile of wood that she is to carry all the firewood.

The Ladies Relief Society of the First Evangelical church will have an old-fashioned social Thursday afternoon at 2:30. A short program will be given and all members and friends of the congregation are cordially invited to attend.

Mr. and Mrs. D. V. Spangler and son, John Leonard Coriell, of Mount street, have returned from a week's visit with Mrs. Spangler's brother, Howard Johnson, of Roanoke, Va.

Mrs. Minnie Aikman of 527 Seventh street has returned from Charleston, W. Va., where she went to attend the funeral of her brother, George W. Bentley.

Noyd Aikman and William Artis are in Dayton, Ohio, attending the American Legion convention.

The Ladies Aid Society of Manly church met in regular session Tuesday afternoon at the home of Mrs. Edward Brady, with thirty-one members and two visitors present. Plans were made for an apron social to be held in the church basement on October 5th. At the adjournment of the business session the meeting was turned into a social hour, when an interesting program was presented and delicious refreshments served.

Miss Elizabeth Knost of 1748 Fifth street, who has been ill for some time, is improving.

Mr. and Mrs. John O'Brien (Lillian Balmert) have returned to their home in Chillicothe after a week's visit with relatives in this city.

**ACIDS IN STOMACH
CAUSE INDIGESTION**
Create Gas, Sourness and Pain
How To Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well. Artificial digestions are not needed in such cases and may do real harm. Try having aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form) never liquid or milk is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advertisement.

NERVOUS AND HALF-SICK WOMEN

These Letters Recommending Lydia E. Pinkham's Vegetable Compound will Interest You

For Your Own Good Please Read Them

Youngstown, Ohio.—"Last fall I began to feel mean and my back hurt me and I could hardly do my little bit of housework. I was played out when I would just sweep one room and would have to rest. I would have to put a cushion behind me when I would sit down and at night I could not sleep unless I had something under my back. I had awful cramps every month and was just nearly all in. Finally my husband said to me one day, 'Why don't you try Lydia E. Pinkham's medicine?' and I said, 'I am willing to take anything if I could get well again.' So I took one bottle and a second one felt better and I was doing and said, 'Surely it must be doing you good all right.' I have just finished my eighth bottle and I cannot express to you how I feel, the way I would like to. If you can use this letter you are welcome to it and if any woman does not believe what I have written to be true, she can write to me and I will describe my condition to her as I have to you."

—Mrs. ELMER HEASLEY, 161 S. Jackson St., Youngstown, Ohio.

"I was very nervous and run-down," writes Mrs. L. E. Wiese of 706 Louisiana St., New Orleans, La.

"I would often sit down and cry, and was always blue and had no ambition. I was this way for over a year and had allowed myself to get into quite a serious condition. One day I saw your advertisement in the daily paper and began to take Lydia E. Pinkham's Vegetable Compound at once. I have improved ever since taking the third bottle and I find it is the best medicine I have ever taken."

Benefited by First Bottle
"I was completely run down and not able to do my housework. I just dragged myself around and did not have energy to get up when once I sat down. I read advertisements of Lydia E. Pinkham's Vegetable Compound in your paper 'The Indiana Daily Times,' and learned all about it. I received results from the very first bottle and now I am doing all my own work, even washing and ironing, and I never felt better in my life. I tell all my friends it is due to you."

—Mrs. ELIZABETH REINOLD, 403 N. Fine St., Indianapolis, Indiana.

You should pay heed to the experiences of these women. They know how they felt before taking the Vegetable Compound, and afterwards, too. Their words are true.

Child's Skull Is Fractured

A fracture of the skull at the base of the brain was suffered by Carmen Milan, five year old daughter of Mr. and Mrs. Roscoe Milan of Lucasville, Tuesday afternoon about four o'clock. Carmen is a patient in Schirmer hospital where an x-ray picture revealed the fracture which is not regarded as dangerous as the child's condition appears to be very good considering the injury sustained. She spent a very good night and is conscious today.

The accident occurred on the Scioto Trail in front of the North End garage at Lucasville. A. E. Kister of Pikeston was driving the machine that struck the child. According to his story, he was driving north on the trail behind a school wagon that was transporting school pupils. When he attempted to pass the wagon a child ran from in front of the wagon and was struck and knocked down before he had a chance to stop.

Dr. J. H. Billing of Lucasville attended the child and had her removed to the local hospital for treatment as it was not possible to determine the extent of the injuries without the use of the x-ray.

The child also suffered cuts about the face and was bleeding at the ears. The girl was on her way home from school when injured Monday was her first day in school. Mr. Milan is a well known mail carrier in Lucasville and vicinity.

Mayor Made Talk

The Cincinnati Enquirer Tuesday said: "William Gableman, Mayor of Portsmouth, Ohio, and Democratic nominee for the House of Representatives in the Sixth Congressional District, was a speaker at the monthly meeting of the Duckworth Democratic Club, held at the clubhouse, Ninth street, last night. Thomas Butlerworth also was a speaker. The meeting was presided over by Joseph T. Rice, vice president of the club. A motion was carried inviting all state and county candidates on the Democratic ticket to be present at the next meeting of the club, to be held October 9. A special invitation is to be sent to Alton Pomeroy, senior United States Senator from Ohio, by officials of the club to address the Democracy of Cincinnati at his earliest opportunity."

Released On Bond

WEST UNION, O., September 13.—On application made to Judge Stephenson, the bond of George A. Nelson, who is charged with shooting Israel Nelson, his father, Friday night of last week, was reduced to \$1,000 by an order of the Common Pleas court yesterday. Young Nelson is charged with murder in the second degree and he gave bond with George Chamber and John B. Salisbury as sureties. The grand jury convenes the second day of October, and the case will be thoroughly investigated at that time. Young Nelson's mother was in town and secured the reduction of the bond and the release of her son.

Formerly clad in ill-fitting clothes, when the defendant signed his name to the bond, he remarked to the clerk that "this is the first time I ever wrote my name with pen and ink."

The situation presented at the court house yesterday was one of the most pathetic seen in local court circles in years.

Court officials, remarking about the affair, pointed out the pathos of a mother securing bond for her son, charged with the slaying of his father for husband.

There were tears in many eyes as the bond was signed and the lad was allowed to go home with his mother.

Operated Upon
John Morz, of Jackson, who is suffering with abdominal trouble, was taken to the Hempstead hospital yesterday and was operated upon at 8:00 a. m. this morning. The patient is attended by Dr. S. S. Halderman.

DAVIS IS GUILTY OF CONTEMPT

John "Bull" Davis, 1905 Waller street, arrested several days ago on a liquor charge and released on bond was rearrested yesterday on the order of Squire Morgan because he failed to appear for trial last Saturday as scheduled.

On being taken before the court Davis was found to be guilty on the liquor charge and fined \$500 and he was also adjudged to be guilty of contempt and was sentenced to ten days in jail.

Committee Seeks Changes In Ohio Compensation Law

CINCINNATI, O., Sept. 13.—Included in the report of the impartial committee on workmen's compensation which has been presented to the directors of the Cincinnati chamber of commerce is a recommendation that the state board created by the so-called "ripper bill" be abolished and the workmen's compensation be placed solely under the industrial commission.

The recommendations in full were not made public, but were referred to a special committee of the directorate for a report. It is understood they were eight in number and that they did not make any suggestions as to whether the present system of the compensation law should be abolished, or a competitive system admitting private insurance companies to do business in the state, this matter being left for future consideration.

Labor Federation Plans Non-Partisan Campaign

ATLANTIC CITY, N. J., Sept. 13.—With the arrival of James O'Connell, chairman of the American Federation of Labor's non-partisan political campaign, the executive council of the federation in annual session today prepared to devise a program of political activity with which it purposes to enter local, state and national polls at forthcoming elections.

Members of the council predict that labor will designate at least fifty non-party candidates for seats now occupied by national senators and representatives who, they declare, are opposed to the aims and ideals of the American Federation of Labor.

That the federation will attempt an affiliation with the farmer vote, to become an important factor in the presidential campaign of 1924 is a foregone conclusion among the labor chiefs here. They declare that their selection of a candidate for the presidency will be "a startling surprise to followers of the old parties."

The shop crafts strike and the injunction obtained by Attorney General Daugherty continues to be the all-absorbing topic of discussion between sessions of the executive council. Although it has agreed to take no official action while the extension obtained from Judge Wilkerson at Chicago yesterday remains effective, plans are crystallizing here for combatting the injunction with money for the shop crafts war chest to be obtained by assessment on the funds of the federation's organizations and with the legal and moral aid of the council.

Believe Jealous Suitor Shot Down Young Lancaster Couple

LANCASTER, O., Sept. 13.—(By The Associated Press)—Fairfield county officials, who today were still trying to untangle the mystery of the death of 19-year-old Earl Custer, whose body was found by the side of his touring car a half mile west of Pleasantville Monday, believe that a third person was responsible for the shooting.

Miss Bessie Grover, 18, Pleasantville high school girl, who was at the steering wheel of Custer's machine, with a bullet wound in her head, is still unconscious in a hospital here.

Officials here believe that the jealousy of a rejected suitor will prove to be the motive of the shooting, as advances from a young man whose home is several miles from Pleasantville are reported to have been refused by Miss Grover and he is said to have threatened to "get even" with both Miss Grover and Custer.

Late Sunday the rejected suitor is reported to have appeared at a village garage, paid, and asked to be driven home. Sheriff Charles Sperky is working on this theory.

PAGEANT

The wonderful Historical and Musical Pageant of Portsmouth beggars all efforts of description. It will be an event from which all things must date. In the generations to come you will particularly be proud to say you were there. You will have the opportunity of following and actually seeing most faithful reproductions of historic, romantic, tragic, and last but not least, humorous incidents and epochs which have been milestones in the history of Peerless Portsmouth down thru almost two centuries of time. You will know your own city and environs as you have never known it before. You will be inspired with a reverence and sentiment for your home city which will endure forever. You can truthfully say I am a citizen of no mean city. Your presence will testify your loyalty.

Let your fancy conceive if it can the scores of gorgeous, spectacular scenes, episodes and tableaux which portray the early history of Peerless Portsmouth—with the majestic hills and the grandeur of our own Ohio affording a back ground which only Mother Nature could bestow upon us, and possible at no other spot in this great universe. Thousands of hours and thousands of dollars are being spent to produce these magnificent spectacles; almost 1500 actors, musicians, choristers and other performers are striving night and day to afford you one of the most interesting, entertaining and instructive afternoons of your life. The splendid co-operation received from all concerned assures a gigantic success from every viewpoint. The Pageant will ever be a pleasant and outstanding event in your memory for all time.

PORTSMOUTH

Sept. 26 - 27 - 28, York Park, Daily at 2:00 P. M.

All roads will lead to Portsmouth during Pageant Days. Notables from this and surrounding states will be our honor guests at this most colossal undertaking of its kind ever attempted by any city in Ohio. What other city has the beautiful legend and lore upon which to build and produce a spectacle of equal splendor and beauty? Not a single detail has been overlooked in reproducing the many scenes and episodes. Relics, costumes, of a century ago, prairie schooners, Indian apparel of all description, the dandy of the early fifties, milady of the ante-bellum days with her graceful courtesy, steamboat days and all will be there before you. You will sit comfortably and rapturously for two hours while this stupendous panorama passes in pleasing array—The Pageant of Portsmouth.

Tuesday, Sept. 26th, will be a banner day—all retail stores, barber shops and so forth will close at noon. Don't forget to do your shopping in accordance. Scores of merchants have already ordered the box seats for this day and will take their employees. The Service clubs, Rotary, Kiwanis and Exchange Clubs have reserved blocks for themselves and out-of-town fellow club members. The schools and public offices will also close one afternoon.

Wednesday will be Manufacturers' Day and plants and factories throughout the city will close to permit their employees to attend.

Thursday will be Guest Day when hundreds from all our neighboring and sister cities will swarm down upon us by special invitation. All stores, barber shops and so forth will be open all day Thursday, but closed at noon the previous Tuesday. In addition Pageant Week will also be Dress-Up or Style Week—it will be a wonderful week of surprises, watch!

Notice: Tickets on sale now at Play House, Smoke House and Chamber of Commerce, New Boston, Sciotoville, Wheelersburg, Lucasville. The admission prices are 50c and \$1.00. Special boxes of 6 seats, \$10.00. Don't wait to be solicited—go and procure your seats at once. Over 12,000 good, comfortable seats.

CONSTANTINOPLE, Sept. 13.—(By The Associated Press)—Several thousand disgraced Greek soldiers still remain on the peninsula west of Smyrna, between the Gulf of Smyrna and the Gulf of Scamorini, according to the Greek military mission here. The Greeks say they expect to remove the troops to home ports direct from the peninsula instead of first ferrying them to the neighboring islands. The Turkish nationalists have really taken few prisoners, the Greeks here claim, but they admit that many units are not accounted for. The Greek islands in the Aegean are swarming with troops who are reported to be not concealing their anti-royalist feeling. These troops will be disbanded, only four classes being kept with the colors.

N. & W. RESTRAINING ORDER IS IN EFFECT

Continues Till Hearing Concluded In U. S. Court

A temporary restraining order issued by the N. & W. and granted by Judge Peck in the United States District Court in Cincinnati July 20, and which was to expire Monday, September 11, is to be continued in force until the conclusion of the hearing on the Norfolk and Western's petition for a permanent restraining order, the hearing to be held next Monday in the U. S. District Court, Cincinnati. At this time the defense will put a number of witnesses on the stand in an effort to show that no cause exists for a restraining order.

Feature developments in the hearing Tuesday included the reading of an affidavit by Attorney Bannan, showing that two men now employed by the N. & W. had been arrested and tried in Mayor William E. Newberry's court at New Boston, and of affidavits alleging that committees from the strikers called upon local business firms and asked them not to sell the N. & W. persons buying for that company. In the questioning of C. H. Chase, Federated Crafts chairman, and a defense witness, Attorney Bannan brought out that visits of such committees to local business firms had made it impossible for the N. & W. to have laundry work done in Portsmouth and that it was necessary to have its laundry work done in Ironton.

Enters Denial

The witness, Mr. Chase, entered a denial to such claims and said that no such committees had been authorized to call on merchants, but explained that appointed committees called upon merchants to extend credit to strikers and to ask them to buy tickets for benefit affairs.

The introduction of about thirty sworn affidavits signed by present shop employees and officials and officers of the N. & W. found the defense unprepared to put witnesses on the stand or offer affidavits in rebuttal. These affidavits were presented at the morning session of court and then in the afternoon Attorney Bannan, in support of his company's petition for a permanent restraining order read sixteen more affidavits filed when the temporary restraining order was asked for. At the completion of the reading of the affidavits in the afternoon Attorney Nicholas Klein, for the defense, asked the court to continue the hearing to give him time to secure witnesses and sworn testimony of Portsmouth persons. His plea was granted, Judge Peck continuing the hearing until next Monday, September 18, at 2:30 a. m.

Morgan Case Monday

Also next Monday morning Judge Peck will have before him the cases of John E. Morgan and J. E. Shoemaker, alleged N. & W. strikers who are accused of having violated the temporary restraining order of the court. The defense is to have a number of witnesses in court in their behalf in these two cases.

One of the affidavits introduced by Attorney Bannan and which was one of the original affidavits filed when the temporary restraining order was first asked for, disclosed the fact that two present employees of the N. & W. had been before Mayor Wm. Newberry at New Boston. The men swearing to the affidavits were Herbert Ferguson and J. M. Bradley. In the affidavit they claimed that on July 17 they walked up through the east yards of the N. & W. to go to their homes in New Boston and that at a point near West Avenue, were stopped by 10 or 12 pickets. They were not harmed and were allowed to continue on their way home, but claim that when they started to return to the N. & W. yards between 8 and 8:30 p. m. two men whisked as they neared the street crossing and that the whistling brought between 10 and 15 men to the scene within a few seconds. They claim that hands were put on them and that they were taken to the New Boston jail where disorderly conduct charges were filed against them.

They claim that the mayor read the charges to them and that they admitted being loud but not disorderly in any manner.

Ferguson Called

Ferguson claims that Mayor Newberry asked him if he worked at the steel plant and that he told the mayor that he did until some union men came out during the strike and took the job. He also claims that the mayor asked him if his conscience hurt him while working at the N. & W. and he replied that sometimes it did and at other times it did not as he had to work to make a living.

He claims that the mayor remarked

THE MARKETS

NEW YORK STOCKS

NEW YORK, Sept. 13.—The upward swing of prices was resumed in today's stock market, equipments, low-priced oils and specialties leading the advance. New high records for the year were made in the first minutes of trading by Baldwin, Railway Steel Spring, American Locomotive, Pressed Steel Car, Iron Products, National Biscuit and American Water Works six per cent preferred, the gains ranging from fractions to 3 points. Other strong spots were Barnhill, A. New York Air Brake and Hartman Corporation, each of which were up 2 points or more, and Colorado Fuel and Iron, Consolidated Gas, Tobacco Products, Norfolk and Western, Studebaker, Pierce Arrow preferred and Mexican Petroleum, all of which had mounted at least a point over last night's close. Allied Chemical was the only conspicuous weak spot, declining a point.

Speculative selling of the Erie issues frightened some of the holders of other low priced and investment rails, resulting in a reactionary trend in several stocks of that group. Erie common was down 3/4 and Reading, Atlantic Coast Line and New Haven preferred to 1 1/2 points. There was no settlement, however, of investment and speculative buying in the rest of the flat, gains of one to three points being noted. The early turnover gave promise of another day in excess of one million shares. Public utilities, oils, equipments, tobacco, and leathers were most in demand, some of the strong spots including Columbia Gas, Davison Chemical, Heilmann Manufacturing, Iron Products, American Smelting, Tobacco, New York Dock, common and preferred and Central Leather preferred all at gains in excess of two points. Call money opened at four per cent. Taking advantage of an apparently weakened technical position, producers of tin, copper, silver and gold advanced.

CLOSING OHIO STOCK

COLUMBUS, Sept. 13.—Cites Service common 2.04@2.06; preferred 71@71 1/2.

Chicago Grain And Provision

CHICAGO GRAIN

CHICAGO, Sept. 13.—Wheat moved upward a little in prices today during the early dealings, the chief factor being an advance in Liverpool quotations despite declines yesterday on this side of the Atlantic. Good export buying here yesterday tended also to encourage bullish sentiment and so too did smallness of receipts at winter wheat points. Bears put stress mainly on continuance or heavier receipts in Canada. The opening which varied from unchanged figures to 1/2 cent higher with Dec. 1.01 1/2 to 1.02 1/2 and May 1.06 1/2 to 1.07 1/2, was followed by slight gains all around. Corn and oats reflected the wheat advance. After opening a shade to 1/2 cent up, Dec. 50 1/2 to 50 3/4, the corn market suggested somewhat but they made a general upturn. Oats started a shade off to a like advance, Dec. 34 1/2 to 34 3/4 and May 35 1/2 to 35 3/4, and later showed a rise for all deliveries. Provisions were firm in line with hogs and grain.

Although wheat averaged higher in value today, the market turned heavy near the end of the session, aggressive support being lacking. The close was easy at the same as yesterday's fluid to 1/2 lower; with Dec. 1.00 1/2 to 1.01 1/2 and May 1.05 1/2 to 1.06 1/2.

Estimates were current that exporters had taken 2,000,000 bushels of United States hard winter wheat in the last few days, an amount much larger than was heretofore generally supposed. Buying of future deliveries however, gave out just before the close.

The close was easy, a shade net lower to 1/2 net advance with Dec. 56 1/2.

CINCINNATI GRAIN

CINCINNATI, Sept. 13.—Wheat 1.12 1/2 to 1.13 1/2.

Pageant Rehearsals

Thursday, 3:30 P. M.—The Flood, Thursday, 5:00 P. M.—The Forest, Friday, 4 P. M.—The Flowers.

All these rehearsals will be held at Baesman's hall. Group members would do well to make a note of these rehearsals, as the time of the Pageant is growing short and action is necessary, and prompt attendance. So far there has been a delightful co-operation that will eventually develop into a splendid fellowship. If the feeling is continued, A spirit of Democracy prevails. People of all classes mingling with one another, and all for and to enhance the public good.

The Episode No. 1 of the Pageant, a rehearsal for which will be held at Baesman's hall this evening at 7 P. M., will include scenes of 1749 and the following years. Leading characters will be as follows:

Indian Chief—Wm. Hanzelbeck, Johnnie—Howard Hedlman, Minerva—James Gower, Father Bonnechance—Vincent Orlett, A. Shawnee—L. L. Marting, Jr., O'Brien—H. H. Eccles.

Leading speaking parts will be taken by Gilbert Fuller, Louis Rignhart, Ted Hancayard, Emmett Hays, Geo. Oakes, Geo. Kent, Edmund Slump, M. C. Dupree, Ralph Donaldson, Richard Bennett, John Frantz and Evan Williams.

Thursday evening at 7 P. M., there will be a rehearsal at Baesman's hall, of Episode No. 5 which will include scenes of the Civil war, slave hunts, the call to arms, Morgan's raid, etc. All persons who have enlisted for parts in the war scene, are urged to be present as it is most important.

The Pageant rehearsal of the Campaign of 1810 held at Baesman's Dancing Academy Tuesday evening, was very well attended, some 150 persons being present. However, more middle aged men are wanted and much needed and it is hoped such will respond at the next rehearsal to be held on Tuesday evening next, E. C. Hood who takes the part of one of the campaign speakers went through his part in fine order, and the same can be said of the mob headed by Chas. Donaldson that drove him from the speaker's stand when the crowd that stood by realized that he was indeed not a Whig, but a hooster for Van Buren, truck Xreger too is much in evidence when he inquires with reference to the band that later appears on the scene.

Defense Wants Time

At the conclusion of the reading of the affidavits, Attorney Klein asked for time in which to secure witnesses or affidavits that could be used to answer the affidavits submitted by the plaintiff and he was given until next Monday morning.

The United States District Court with Judge Peck presiding, is held in the postoffice building. Attorney Ralph Clark of the law firm, Hollister and Hollister, of Cincinnati, was with Attorney Bannan in court. Hollister and Hollister are lawyers for the N. & W.

There were very few spectators and with the exception of about a half dozen persons, all those in the court room were from Portsmouth.

C. H. Chase, O. F. Strong and Robert Dodge appeared for the Federated Shop Crafts. The N. & W. had present several witnesses who were not called upon to testify.

Next Monday, when the court again takes up the case, the defense is expected to have a number of witnesses present in addition to sworn affidavits from local persons. Attorney Bannan let it be known that he did not expect to call any more witnesses but may present additional affidavits.

On question from the court he also said that it was not the intention of the N. & W. to press the civil cases against J. E. Morgan and J. E. Shoemaker, should the defense win in the criminal cases. Disposition of the W. W. Frazer and Pat Graham cases is expected to be determined by the outcome of next Monday's cases. It is probable that United States District Attorney T. H. Morrow will proceed against Frazer and Graham as he did in the Morgan and Shoemaker cases.

OBITUARY

Mrs. Schwartz Funeral

The last sad rites for the late Mrs. Mary Schwartz of Third street, were conducted from St. Mary's church by Father Guehl Wednesday morning. The church was almost filled with friends and relatives of the deceased, who was for many years one of the city's most beloved residents. Father Guehl paid Mrs. Schwartz a beautiful and worthy tribute. The countless floral designs, untold testified the esteem in which she was held in a community where she has been an inspiration during her long and useful career. Interment was in Greenlawn beside her husband, the late John Schwartz.

At the close of the services in the church, Mrs. George Lander of New Boston, feelingly sang, "The Beautiful Isle of Somewhere."

The co-officiars were Frank and Paul Schwartz, Jr., Henry and Jacob Brunner of this city and Charles O'Brien of Cincinnati and Harry Buddism of Cleveland.

Lorena Hammer

Lorena, the eight year old daughter of Mr. and Mrs. E. P. Hammer, 949 Third street, died at Mercy hospital last night from a short illness of heart trouble.

The little girl had been ill since Saturday, and when she was taken home yesterday morning, she was removed to the hospital, but all that human skill could do failed to save the life. She was born in LaFollette, Tenn., April 4, 1914.

Mr. and Mrs. Hammer only recently moved to Portsmouth. Mr. Hammer is employed in the office of the Vulcan Last Co.

The body will be shipped to LaFollette, Thursday morning, via Cincinnati.

HALF THE FIGHT AGAINST ILLNESS

Keep the Liver Prepared to Do Its Duty in Cleansing the System.
Black-Draught Will Help

Kennersville, N. C.—Mrs. Wesley Mabe, who resides near here, says "Black-Draught" is kept in her home all the time, since it has proved very valuable when used to correct derangements of the liver, stomach and bowels, and to help prevent sickness from developing from such conditions.

"For dizziness, headaches, colds, and similar troubles, Black-Draught is a wonder," according to Mrs. Mabe. "It helps carry away bile and cures the easiest of any to-be and I ever saw."

"I have used Black-Draught with my whole family, and will continue to do so, as it has proven its worth. We are glad to recommend Black-Draught. My health is just fine."

Black-Draught has been found a useful adjunct in breaking up colds, when the use of a laxative or cathartic medicine is indicated. It acts upon the liver as a tonic, helping it to drive poisons and unhealthy matters from the system.

Biliousness, dizziness, coated tongue, bitter taste in the mouth, often when you that your liver is out of kilter. Don't neglect it. Prevention of illness is better than cure. Take Black-Draught for your liver. Be sure you get Black-Draught's.

Most druggists sell Black-Draught. Get a package, today—Black-Draught's.

Mrs. Frank T. Sikes of Winchester avenue received the members of the Auld Lang Syne club at her home yesterday afternoon. The afternoon was delightfully spent in social chat and a general good time. The rooms were beautifully decorated with yellow and white daisies. Miss Maurita Sikes, daughter of the hostess, who is a student at the Conservatory of Music at Cincinnati, entertained with a number of beautiful piano selections.

A very sweet story was told by Miss Mayme Smith and later in the afternoon Mrs. Loren Yost and Miss Maurita Sikes invited the members and guests into the dining room where delicious refreshments of white and gold cake, brick ice cream, coffee and minis were served. The table decorations were especially beautiful, a color scheme of yellow and white being detailed in all the appointments.

A yellow embroidered centerpiece centered the table, and the hand painted place cards were also in yellow. Small bouquets of golden rods were the favors. This club is composed of former school mates. The following new members were taken into this club: Mrs. W. J. Hitchcock, Mrs. J. J. Cranston of Portsmouth; Mrs. Loren Yost of Harding avenue, and Mrs. Dora Yost White of Galia avenue.

The next meeting will be held at the home of Mrs. Ida Little. The list of members and guests included: Mesdames Martha Collett of Ironloft, Ida Davis Little, Serena Farney Shump, Mary Price Sherman, Lillian Smith Holman, Catherine Haldeman, Ada Moore Brethler, Myra Price Moore, Emma Sikes, Harriet Corvine Mammels, and Miss Mayme Smith.

YANKEES FACE CHICAGO AND BROWNS IN SERIES THAT MAY DETERMINE THE PENNANT WINNER

Sisler Out Of Game, Indians And Chicago Fight For 1st Division; Reds Open In Brooklyn

NEW YORK, Sept. 13.—The New York Yankees, leaders in the American league, opened their western tour at Chicago today and after the White Sox series will face the Browns in the series that is expected to determine the 1922 pennant winner.

The Browns, without the services of Sisler, who may be out of the game the rest of the season as the result of a sprained shoulder muscle, defeated the Tigers yesterday 8-6, and thus moved to within one game of the Yankees who were idle. The Cleveland Americans, battling to displace Chicago for a first division berth, defeated the White Sox yesterday 8-2 and are now only seven points behind the Chicago club.

No games were played in the National league, rain preventing the two contests which were scheduled, and only two games were played in the American league.

The Cubs meet the Giants at the Polo grounds today while the Yankees are battling the White Sox in Chicago. Other games today in the American league bring together Boston and St. Louis, Washington and Cleveland, and Philadelphia and Detroit.

In the National league, Cincinnati is scheduled to meet Brooklyn, while Pittsburgh and Boston and the Cardinals and Phillies meet in double headers.

AMERICAN INDIANS WIN FROM SOX
CHICAGO, Sept. 13.—Cleveland closed its Chicago season Tuesday with an 8-2 victory over the locals. The visitors hit Mgr. Gleason's young pitchers, Bowles and Duff, and took a commanding lead. Blankenship checked the hitting until the ninth when the Indians again cut loose. Chicago was unable to do much with the offering of Uble who tightened in the pinches. The feature of the game was a triple play by Chicago in the first inning. Score:

BROWNS RALLY AND WIN
ST. LOUIS, Mo., Sept. 13.—For the second time in two days St. Louis came from behind in the tail end of the game to defeat Detroit. The locals took Tuesday's game 8-6 after trailing the Tigers up to the seventh inning and by virtue of their victory and New York's idleness advanced to within one game of first place.

George Sisler was out of the lineup because of a sprained muscle in his right shoulder, sustained in yesterday's game. The star player of the major league will be out of the lineup for at least a week and probably for the remainder of the season, it was said. He is unable to raise his arm above his shoulder. Score:

Pitcher Nutter Is Ready To Go Higher
CINCINNATI, Sept. 13.—Pitcher Nutter of the Newark, O. club, looks as if he might well be worth a trial higher up. He shut out the Brooklyn for six innings the other day and struck out six men, and the Reds would not have scored on him today but for wobbles back of him. He is a young fellow, well built and has a fine curve ball. It is said that the Cleveland Club has been looking him over and may take him South next spring. The Reds might cut in ahead of Speaker if they were quick enough about it.

FIGHT POSTPONED
DAYTON, O., Sept. 13.—The glove contest scheduled for last night between K. O. Mers and Young Webb was postponed one week.

THIS SETTLES KAUFF
NEW YORK, September 13.—The effort made by Henry Kauff, former center fielder, of the New York Giants, to restrain Base Ball Commissioner Landis from disbanding him from professional base ball, has been dropped and the State Supreme court has signed an order discontinuing the action. It was learned today. Justice Whitaker recently denied Kauff's petition for an injunction, and since then no other steps have been taken.

GOLF COMMENT
HUNTINGTON, Sept. 13.—If you don't care what you say the Huntington golfers didn't do much to the midtown swingers from Ashland and Portsmouth, Saturday, at Portsmouth, O. Not so much. The boys from the Gungan Country Club have one leg on the great silver cup, and so have the Ashland link ones. One more victory for either club will mean permanent ownership to the winners. When Portsmouth, Ashland and Huntington clash on the Pea Ridge course, Saturday, Sept. 23, there should be some sweet playing on the educated grass.

WHITE SOX BUY INFILDER
PORT HURON, Mich., Sept. 13.—Lee Walsh, first baseman of the local club of the Michigan-Ontario League today was purchased by the Chicago Americans. He hit .333 and flied .564 during the season just closed.

RIGHT EARFUL
He muffed a fly in center field.
He lost it where it layed.
He beat it round the 'bushes.
And in the bush he stayed.

Rifle And Pistol Matches End Today
CAMP PERRY, O., Sept. 13.—The Leech cup match, one of the principal events of the sixteenth annual national rifle and pistol matches being staged here will be completed today with 602 competitors firing on the 1,000 yard range. Completion of the national rifle association started yesterday is scheduled for today.

The members' match completed yesterday was won by Sergeant J. V. Ellsboro, United States Infantry, Fort Andrews, Mass. He defeated a field of 300 competitors.

After Soft Kale
Duke Dingley in the Huntington Herald Dispatch says:
There's a lot of chin chatter going the rounds about a Kearney-Sheppard bout. The wise ring critics have it doped out that the local Irishman vs. the Cincinnati fox would draw like a mustard plaster. It will be remembered that Sheppard was the first man that ever made Kearney listen to the full chorus of "Rocked in the Cradle of the Deep." Mike was sailing along the river of fame when Jack planted one on the button that made the Irishman dream of home rule.

Kearney wants another crush at Sheppard. He thinks that Jack's "K. O." was a fluke. Say what you will about the state champion, he's a Mike. Mike wouldn't hesitate to tackle a cage of Nubian lions if he thought he had an even chance. Kearney and Sheppard have met three times. Jack holds two wins to one over his foremost rival.

GLOOM IN ST. LOUIS WHEN "PENNANT" FANS LEARN OF GEO. SISLER'S INJURY

ST. LOUIS, Sept. 13.—(By The Associated Press)—Gloom settled over the American league diamond here when fans learned that Geo. Sisler, star first baseman and batting champion of the major leagues, was out of the game with a sprained muscle in his right shoulder and might not play again this season. Sisler had just hosted his record for hitting in consecutive games to 30, within one of the mark made by Ty Cobb back in 1911.

Dr. R. W. Hildard, the club physician, has ordered Sisler to take a complete rest and his arm and shoulder have been placed in a cast, so he will be out of the game at least three days. Sisler suffered his injury in Monday's game against Detroit when he was struck on the shoulder with a pitched ball.

RIGHT EARFUL
He muffed a fly in center field.
He lost it where it layed.
He beat it round the 'bushes.
And in the bush he stayed.

IRONTON HI GRIDDERS
NEW YORK, September 13.—The effort made by Henry Kauff, former center fielder, of the New York Giants, to restrain Base Ball Commissioner Landis from disbanding him from professional base ball, has been dropped and the State Supreme court has signed an order discontinuing the action. It was learned today. Justice Whitaker recently denied Kauff's petition for an injunction, and since then no other steps have been taken.

DUTCH MASTERS CIGAR

"Nothing quite like it—so 'sweet,' so mild"

At two for 25 cents, Master Belvedere is amazing value. Not only more tobacco than you generally get for a quarter—but better tobaccos—imported Java and Havana. Note also the handsome perfect shape of Master Belvedere—a shape preferred by many men. Ask for Dutch Masters "Belvedere"—smoke two.

Children's Nature Shape SCHOOL SHOES
Mother's wanting the little men and little misses' feet properly fitted, should see to it that they have plenty of toe room. I have the nature-shaped, broad toe shoes for the little folks, with full extension sewed soles and spring heels in brown or black. These are ideal shoes for all general purposes and shoes that wear. If you want to reduce your shoe bill for the children, you had better try a pair of these shoes.
